

International Joint Commission's

**International
St. Lawrence River
Board of Control**

You are invited to our public teleconference!

WHAT The International St. Lawrence River Board of Control invites you to participate in a public teleconference to discuss the regulation of outflows and water levels in the Lake Ontario/St. Lawrence River System.

WHEN The evening of March 17, 2009, 7:00-8:30 pm EST.

WHERE You can participate in either of two ways: by phone or in-person.

By phone, call these toll free numbers **between 6:45 and 6:55 p.m.** :
English: 1-866-200-5980 **French: 1-866-200-5973**
Please mention “ St. Lawrence Control Board” to the operator.

In person, you can join us for the teleconference at the local meeting site:
Oswego, New York – Room 118, Rich Hall, State University of NY

You will need to download the meeting materials from the Board's web site:
www.islrbc.org.

Any updates will also be posted by March 13 on the web site.

Note that there will be a brief discussion period from 6:45 to 7:00 at the Oswego site to determine local concerns. The Board presentation will begin at 7:00 and will be heard by those at the meeting site as well as those listening in by phone. Following the presentation, comments and questions will be taken from callers and attendees.

QUESTIONS Questions or comments should be directed to the Secretaries:
